**ACS 2018-2022 Estimates**

- <sup>1</sup> These district profiles use the census geographies for the Texas house and senate districts corresponding to PlanH2316 and PlanS2168. Comparisons to previous profiles should be made with caution. In some past profiles, including the 2017-2021 vintage, districts were compiled by aggregating block group data since census geographies did not correspond to the legislative plans in effect at the time in Texas. Additionally, the Census Bureau advises against comparing estimates from overlapping 5-year periods.
- <sup>2</sup> The ACS data is gathered from surveys distributed to a sample of the population. The margin of error (MOE) that accompanies each of the estimates is available upon request from TLC. The MOE indicates the reliability of these estimates.
- <sup>3</sup> State and district percentages are based on the totals in the general category shown above each group and marked by a gray bar.
- <sup>4</sup> This report does not include state and district percentages for the special populations group or the variables that illustrate average values. For these variables, the state estimate is provided.
- <sup>5</sup> Individuals who worked at home are not included in these categories.
- <sup>6</sup> Percentages are based on the population for whom poverty status is determined.
- <sup>7</sup> Public assistance income includes Temporary Assistance to Needy Families (TANF) but not SSI or Supplemental Nutrition Assistance Program (SNAP)/food stamps.
- <sup>8</sup> Households reporting no income or a negative income (where expenses are more than income) are excluded.
- <sup>9</sup> Only housing units with tenants paying rent are included in these categories. Rental units with tenants living in them for free or in exchange for services are not included.
